

SKILL DIVERSITY

Older workers bring a range of skills to the workplace, enhancing **team innovation** and **business productivity.**

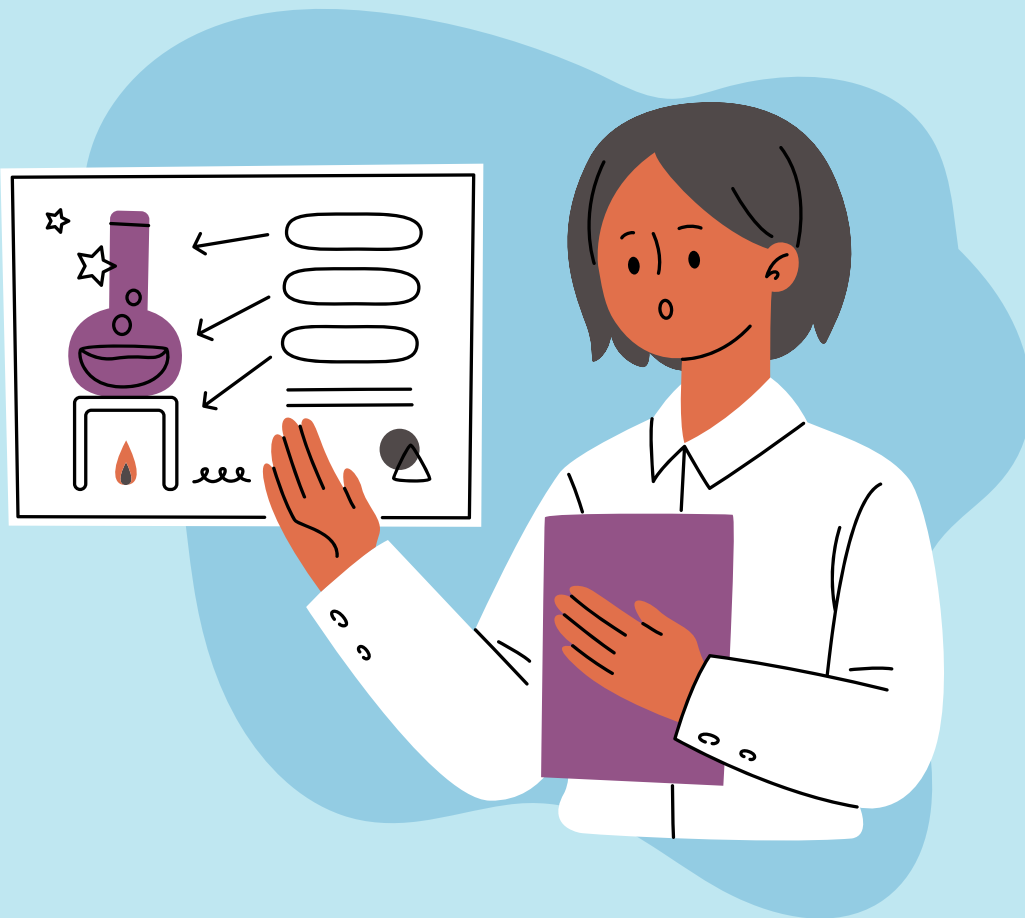

National Older Workers Week 2023

Skills:

Experience

Older workers bring a breadth of experience with a range of skills that can boost productivity and team effectiveness.

Adaptability

Older workers have seen many big changes in their working lives, and are able to easily adapt to new challenges.

Leadership Skills

Older workers tend to have great interpersonal skills and experience in their industry, which makes them well equipped leaders.

Communication

Older workers are often emotionally mature and have experience interacting with many different people. They are often able to provide valuable insights.
